Education:

Moravian University, Bethlehem, PA

Graduated: May 2025

Bachelor of Science in Computer Science, GPA: 3.26

Honors and Awards: Dean's List Spring 2024, Robert M. Amey '57 Memorial Scholarship Fund

Relevant Coursework: Cloud Computing, Data Structures & Algorithms, DevOps, System Design, Neural Networks

Experience:

Calcium+Company

Philadelphia, PA

Developer Intern | NodeJS, JavaScript, SCSS, Figma, TypeScript

June 2024 - August 2024

- Developed and launched a responsive website using **React** and **TypeScript**, improving **UI performance** and **user engagement**.
- Collaborated closely with **designers** and **product managers** to translate **Figma wireframes** into **interactive, cross browser UI components**.
- Implemented **WCAG/ADA** compliant components to ensure accessibility across all major browsers and devices.
- Contributed to **code reviews**, **debugging**, and **performance optimization**, supporting high-quality and maintainable codebases.
- Led an **AI-driven automation** initiative, streamlining internal workflows and improving operational efficiency.

Costco

Lancaster, PA

Major Sales Associate | Technical Sales

October 2025 - Present

- Provide exceptional customer service by addressing member needs and resolving issues in a timely and professional manner.
- Promote and upsell featured or seasonal products to increase sales and member satisfaction.
- Collaborate with team members and supervisors to meet daily sales and operational goals.

Moravian University

Bethlehem, PA

IT Help Desk Technician Tier 1-2 | Microsoft 365, Tech Support

September 2023 - May 2025

- Support for Apple devices, public Mac/PC labs, and printers that serve a large and active university community.
- Provided timely and effective technical support during classroom emergencies, minimizing instructional disruptions.
- Maintained detailed logs of user issues and support tickets in **Team Dynamix** throughout the troubleshooting process.

Project Experience:

FrontEnd Capstone (Merck + Careset) | React, Bootstrap, Docker, AWS, ViteJS, Python, Figma

Spring 2025

- Developed interactive and responsive user interfaces with **React** and **RESTful APIs**, improving accessibility and engagement for users interacting with large-scale search data.
- Collaborated in **Agile sprints** with designers, developers, and product managers to deliver accessible and scalable solutions.
- Containerized deployments with **Docker**, improving development consistency and accelerating release cycles.
- Focused on **a11y best practices** and **code quality** through **peer reviews** and **iterative testing**.

Portfolio | NextJS, React, Bootstrap, Jest, ViteJS

May 2025

- Developed a responsive, user-friendly website that increased project visibility by 40%, showcasing technical skills to potential employers.
- Leveraged **GitHub** and **Vercel** to automate deployment processes and maintain consistent version control through **CI/CD**.
- Developed **Jest**-based unit tests to verify component behavior, supporting stable releases and clean code practices.

Photography Portfolio | NextJS, React, Chakra-UI, Supabase, ViteJS, Redux

June 2025

- Designed and developed a full-stack photo gallery application, managing state efficiently with **Redux** and **React** hooks.
- Integrated **Supabase** backend services for real-time data handling and storage.
- Utilized **accessible and responsive UI components** with **Chakra-UI** to enhance usability across devices.

Skills:

Languages: JavaScript, HTML, CSS, SCSS, React, TypeScript, Python, NodeJS, NextJS, Java, MySQL

Tools & Platforms: Git, GitHub, Amazon Web Services, jQuery, Bootstrap, Figma, Supabase (PostgreSQL), Redux, Jest, ViteJS

Principles: Agile Development, Scrum, CI/CD, Responsive Design, UI/UX principles, ADA/WCAG Compliance, Cross-Browser Testing, Software Development Life Cycle (SDLC), Mobile First Development/Design
