Education

Moravian University, Bethlehem, PA

Bachelor of Science in Computer Science

Expected Graduation: May 2025

Relevant Coursework: Cloud Computing, Database Systems, Advanced Software, Dev Ops

Honors and Awards: Dean's List Spring 2024, Robert M. Amey '57 Memorial Scholarship Fund

Project Experiences

- Built a company website using **JavaScript**, **HTML (Bootstrap)**, **SCSS** and **Figma**, collaborating closely with other departments to align functionality and design with company goals.
- Collaborating as a team to design and build a full-stack web application for our Senior Capstone project, utilizing **JavaScript (React)**, **HTML (Bootstrap)**, **CSS**, a range of **AWS** services, **Vite** build tool, and other technologies. Focused on delivering a seamless, responsive, and user-friendly experience, all while implementing **Agile methodologies** throughout the development process.
- Designed and deployed a dynamic website integrating **AWS** services. Utilized skills in **JavaScript (React)**, **HTML5**, **CSS**, **Python (Flask)** to launch a user-friendly experience.
- Worked collaboratively as part of a team to develop and deploy a dynamic website correlating to the backend and database to display basketball team information. Leveraged expertise in **JavaScript**, **HTML5**, **CSS**, **MySQL**, **Java**, and **SpringBoot** to engineer a smooth, responsive, and accessible use experience.

Work Experiences

Technology Intern

Calcium+Company, Philadelphia, PA

June 10th, 2024 - August 9th, 2024

- Contributed to the development and implementation of the company's website.
- Authored and generated a knowledge base article on Airplay for employee base.
- Participated in daily Scrum meetings presenting our progress updates, what we have done, what we are doing, and what are potential blockers, while also engaging in internal technical discussions through one-on-one meetings and department meetings.
- Strategized, developed, and presented an internal plan incorporating AI for our summer project.

IT Help Desk Technician

Moravian University, Bethlehem, PA

September 2023 - May 2025

- Supports and maintains Moravian-issued Apple devices, public MAC and PC labs, and public printers across a busy university campus environment.
- Provides immediate support for classroom technical emergencies.
- Documents clearly and concisely all user incidents and requests through Service-Now incident database when identifying a user's problem.

Teacher Assistant

Moravian University, Bethlehem, PA

October 2024 - May 2025

- Assists students with their projects both inside and outside the classroom.
- Reviews students' programs and provides constructive guidance.
- Clarifies the concepts and standards students are learning and applying.
