Education:

Moravian University, Bethlehem, PA

Graduated: May 2025

Bachelor of Science in Computer Science, GPA: 3.26

Honors and Awards: Dean's List Spring 2024, Robert M. Amey '57 Memorial Scholarship Fund

Relevant Coursework: Cloud Computing, Data Structures & Algorithms, DevOps, System Design, Neural Networks

Experience:

Calcium+Company

Philadelphia, PA

Developer Intern | NodeJS, JavaScript, SCSS, Figma, TypeScript

June 2024 - August 2024

- Developed and launched a responsive website using **Bootstrap** and **SCSS**, improving **UI performance** and **user engagement**.
- Collaborated closely with **designers** and **product managers** to translate **Figma wireframes** into **interactive, cross browser UI components**.
- Implemented **WCAG/ADA** compliant UI components to ensure consistent accessibility across browsers and devices.
- Contributed to **code reviews**, **debugging**, and **performance optimization**, supporting high-quality and maintainable codebases.
- Led an **AI-driven automation** initiative, streamlining internal workflows and improving operational efficiency.

Costco

Lancaster, PA

Major Sales Associate | Technical Sales

October 2025 - Present

- Provide exceptional customer service by addressing member needs and resolving issues in a timely and professional manner.
- Collaborate with team members and supervisors to meet daily sales and operational goals.

Moravian University Capstone (Merck + Careset)

Bethlehem, PA

FrontEnd | React, Bootstrap, Docker, AWS, ViteJS, Python, Figma, Trello

Spring 2025

- Developed an interactive and responsive web application with **React** and **AWS**, improving accessibility and engagement for users interacting with large-scale data.
- Deployed the web application using **AWS Amplify** and other cloud environments, optimizing scalability and performance.
- Collaborated in **Agile sprints** with designers, developers, and product managers to deliver accessible and scalable solutions.
- Containerized deployments with **Docker**, improving development consistency and accelerating release cycles.

Moravian University

Bethlehem, PA

IT Help Desk Technician Tier 1-2 | Microsoft 365, Tech Support

September 2023 - May 2025

- Support for Apple devices, public Mac/PC labs, and printers that serve a large and active university community.
- Provided timely and effective technical support during classroom emergencies, minimizing instructional disruptions.
- Maintained detailed logs of user issues and support tickets in **Team Dynamix** throughout the troubleshooting process.

Project Experience:

Client Portfolio Website (Freelance Project) | **React, TypeScript, Tailwind CSS, NextJS**

November 2025

- Developed a web application that highlights a clients creative talents using **React**, **TypeScript** and **Tailwind CSS**.
- Leveraged **GitHub** and **NextJS Vercel** to automate deployment processes and maintain consistent version control through **CI/CD**.
- Designed and **prototyped wireframes** in **Figma**, enhancing usability and design consistency through iterative testing.

Photography Portfolio | NextJS, React, Chakra-UI, Supabase, ViteJS, Redux

June 2025

- Designed and developed a full-stack photo gallery application, managing state efficiently with **Redux** and **React** hooks.
- Integrated **Supabase** backend services for real-time data handling and storage.
- Utilized **accessible, SEO-friendly and responsive UI components** with **Chakra-UI** to enhance usability across devices.
- Implemented an interactive **chatbot** to guide visitors through my portfolio and provide instant answers to common questions.
