Education:

Moravian University, Bethlehem, PA

Graduated: May 2025

Bachelor of Science in Computer Science, GPA: 3.26

Honors and Awards: Dean's List Spring 2024, Robert M. Amey '57 Memorial Scholarship Fund

Relevant Coursework: Cloud Computing, Data Structures & Algorithms, DevOps, System Design, Neural Networks

Experience:

Calcium+Company

Philadelphia, PA

Developer Intern | NodeJS, JavaScript, SCSS, Figma, TypeScript

June 2024 - August 2024

- Developed and launched a responsive website using **Bootstrap** and **SCSS**, improving **UI performance** and **user engagement**.
- Worked alongside other developers to **deliver compliant, client-focused software solutions** within the **pharmaceutical space**.
- Collaborated closely with **designers** and **product managers** to translate **Figma wireframes** into **interactive, cross browser UI components**.
- Contributed to **code reviews, debugging, and performance optimization**, supporting high-quality and maintainable codebases.
- Led an **AI-driven automation** initiative, streamlining internal workflows and improving operational efficiency.

Client Portfolio Website (Freelance Project) | **React, TypeScript, Tailwind CSS, NextJS**

November 2025 - Present

- Built a **client-facing web application** using **React, TypeScript, and Tailwind CSS**, delivering a responsive and maintainable UI.
- Implemented **CI/CD deployment** with **GitHub and Vercel (Next.js)** to automate builds, version control, and releases.
- Created and iterated on **Figma wireframes**, improving **usability and design consistency** through testing and feedback.

Costco

Lancaster, PA

Major Sales Associate | Technical Sales

October 2025 - Present

- Delivered strong professional customer service experiences by efficiently resolving member needs and issues while providing.
- Contributed to daily operations by collaborating across teams and training new staff for performance readiness.
- Maintained accuracy and efficiency while adapting to a fast-paced, high-volume, deadline driven environment.

Moravian University Capstone (Merck + Careset)

Bethlehem, PA

FrontEnd | React, Bootstrap, Docker, AWS, ViteJS, Python, Figma, Trello

January 2025 - May 2025

- Developed an interactive and responsive web application with **React** and **AWS**, improving accessibility and engagement for users interacting with large-scale data.
- Deployed the web application using **AWS Amplify** and other cloud environments, optimizing scalability and performance.
- Collaborated in **Agile sprints** with designers, developers, and product managers to deliver accessible and scalable solutions.
- Containerized deployments with **Docker**, improving development consistency and accelerating release cycles.

Moravian University

Bethlehem, PA

IT Help Desk Technician Tier 1-2 | Microsoft 365, Tech Support, TeamDynamix, ITSM

September 2023 - May 2025

- Resolved **Apple, Windows, and printer** issues for **100+ daily users**, maintaining system availability on a high-traffic campus.
- Reduced **classroom downtime** by **rapidly troubleshooting time-sensitive hardware and software incidents**.
- Documented **100+ incidents per semester** in **TeamDynamix**, improving **issue tracking** and **resolution consistency**.

Project Experience:

Photography Portfolio | NextJS, React, Chakra-UI, Supabase, ViteJS, Redux

June 2025

- Designed and developed a full-stack photo gallery application, managing state efficiently with **Redux** and **React** hooks.
- Integrated **Supabase** backend services for real-time data handling and storage.
- Utilized **accessible, SEO-friendly and responsive UI components** with **Chakra-UI** to enhance usability across devices.
- Implemented an interactive **chatbot** to guide visitors through my portfolio and provide instant answers to common questions.

Skills:

Languages: JavaScript, HTML, CSS, SCSS, React, React Native, TypeScript, Python, NodeJS, NextJS, Java, MySQL, Tailwind

Tools & Platforms: Git, GitHub, Amazon Web Services, jQuery, Bootstrap, Figma, Supabase (PostgreSQL), Redux, Jest, ViteJS

Principles: Agile methodology, CI/CD, Responsive Design, UI/UX principles, ADA/WCAG Compliance, SDLC, TDD
